Reasons for Allowance

The following is an examiner's statement of reasons for allowance. None of the prior art of record teaches or suggests: the claim 3 weldable ring stud fastener and the claim 8 weld stud with all the claimed limitations, especially the particular relative first and second head thicknesses; the claim 4 stud to structure construction with all the claimed features, especially the particular failure load relationships. In regard to the prior art cited by applicant in his Office action filed on 7/22/2004, the Aoyama et al. (5,508,488) patent was cited as a document of particular relevance in an international search report for the instant application. However, this document does not disclose a welding stud or weldment with the features claimed, particularly the limitations directed to an annular weldment area.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Clifford C Shaw at telephone number 571-272-1182. The examiner can normally be reached on Monday through Friday of the first week of the pay period and on Tuesday through Friday of the second week of the pay period.
